

## “SENSI SATURNIA”

Thanks to the collaboration of a technical team experts in the footwear industry, was carried the project of the hoof "Saturnia", whose main characteristics are summarized as follows:

### MATERIAL:

- 1) Wholly made of **PLASTICIZED LEAD FREE PVC**, with addition of oils make the material very soft and, consequently, make the hoof extremely comfortable.
- 2) The special compound, without metallic support, makes the product **ANTISTATIC**.
- 3) Thinking about its daily use, also and especially in sanitary field, we decided to use a "precious PVC", that makes the product **ANTIFUNGAL and ANTIBACTERIAL**.
- 4) Thank to the employed material the hoof **can be washed in the washing-machine and / or in the autoclave at 120 / 135 °C**.
- 5) **COLORS**: 6 solid colors, 6 two-colors with white base and 4 two-colors.

### STRUCTURE:

- 1) The tipology of the hoof, makes **the product itself unisex**, the sizes are two-by-two from 36/37 to 46/47
- 2) The special **CONTOURED REFLEX FOOTBED** grants an extremely comfortable fitting and a proper posturally, thanks to the anatomical conformation on the plantar, that highlights and stimulates each reflex zone of the sole of the foot. Athletes have been testing it for 20 years in the post – agonistic activities
- 3) Our **SENSI DRAINAGE SYSTEM** patent consist in a structure under the plantar that is made of interconnected holes and interspaces, that grants the perfect aeration of the foot, keeping it dry even in high temperature. The Sensi Drainage System is exploited in the production of sporting an leisure sandal, too.
- 4) **SOFT DUMP CONCEPT** : inside the structure is placed a particular inner-sole realized in EVAtech, a special controlled deformation compound, that lets the user to absorb at each step the shock caused by the impact of the sole of the foot against the soil, getting real benefits at muscles, ligaments and skeleton apparatus.
- 5) **POWER GRIP ANTI-SLIPPIN**, sole with stability certificate against the risk of bad falls, even on wet areas.

**It's a perfect to be used in a professional and post-agonistic areas, in Health center, SPA and for everybody who doesn't want to renounce to the comfort that SENSI SATURNIA is able to give even in the spare time.**
